FLAT

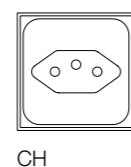

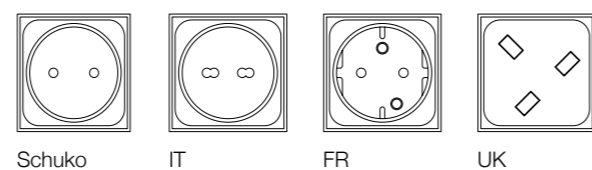

La versione FLAT è composta da un telaio in alluminio a cui viene applicato il modulo elettrificato. È disponibile nelle finiture alluminio anodizzato oppure verniciato a polveri epossidiche oppure impiallacciato in essenza di legno. La versione impiallacciata è incassata a filo del piano scrivania/tavolo o del pannello a cui viene applicata (p.e. top contenitore di servizio).

The FLAT version is made of an aluminium frame in which the electrified module is inserted. This version is available in anodized aluminium, epoxy painted, or in wood veneer. The veneer version is recessed and flush with the desk/table or panel in which it is inserted (for example on a service unit top).

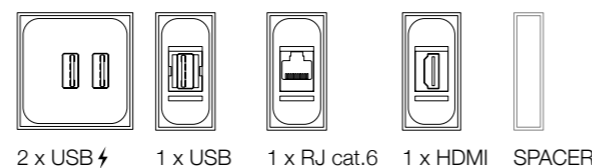

La version FLAT est composée d'un cadre en aluminium dans lequel le module électrifié est appliqué. Cette version est disponible en finition aluminium anodisé ou en vernis poudre époxy ou plaquée dans l'une des essences de bois précomposées. Le version plaquée est encastrée au même niveau que le bureau, la table ou le panneau sur lequel il est appliqué (par exemple, la surface du meuble de service).

La versión FLAT está hecha de un marco de aluminio al que se aplica el módulo electrificado. Esta versión está disponible en aluminio anodizado o pintado con epoxi o enchapado en una de las opciones de enchape de madera. La versión enchapada está empotrada al ras del escritorio/mesa o panel al que se aplica (por ejemplo, en la parte superior de una unidad de servicio).

COVER

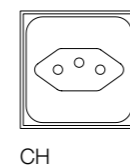

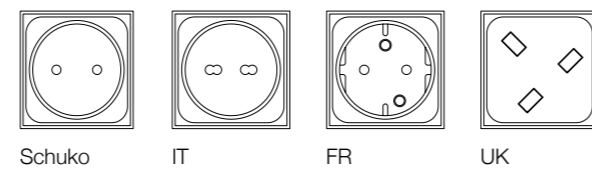

La versione COVER è composta da un telaio in alluminio a cui viene applicato il modulo elettrificato ed è dotato di un coperchio in alluminio che nasconde le prese. Questa versione è disponibile nelle finiture alluminio anodizzato oppure verniciato a polveri epossidiche.

The COVER version is made of an aluminium frame in which the electrified module is inserted and equipped with an aluminium cover hiding the sockets. This version is available in anodised aluminium or epoxy painted.

La version COVER est composée d'un cadre en aluminium dans lequel est appliqué le module électrifé et est équipé d'un couvercle en aluminium qui cache les prises. Cette version est disponible en finition aluminium anodisé ou en vernis poudre époxy.

La versión COVER está hecha de un marco de aluminio al que se aplica el módulo electrificado y está equipado con una cubierta de aluminio que oculta los enchufes. Esta versión está disponible en aluminio anodizado o pintado con epoxi.

PUSH

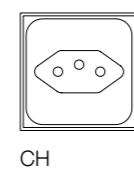

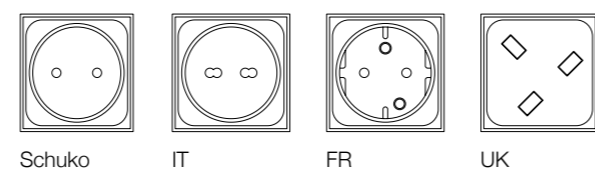

La versione PUSH è composta da un telaio in alluminio ed è dotato di un coperchio che, una volta premuto, si apre automaticamente rendendo disponibile l'accesso alle prese. Questa versione è disponibile nelle finiture alluminio anodizzato oppure verniciato a polveri epossidiche, impiallacciato in essenza di legno oppure cuoio.

The PUSH version is made of an aluminium frame and is equipped with a lid which opens automatically once pressed. This version is available in anodized aluminium, epoxy painted wood veneer or leather.

La version PUSH est composée d'un cadre en aluminium et est équipée d'un couvercle qui, une fois pressé, s'ouvre automatiquement en permettant l'accès aux prises disponibles. Cette version est disponible en finition aluminium anodisé, en vernis poudre époxy, plaquée en essence de bois ou cuir.

La versión PUSH está hecha de un marco de aluminio y está equipada con una tapa que, una vez presionada, se abre automáticamente. Esta versión está disponible en aluminio anodizado o pintado con epoxi, enchape de madera o en cuero.
