protection screens and products

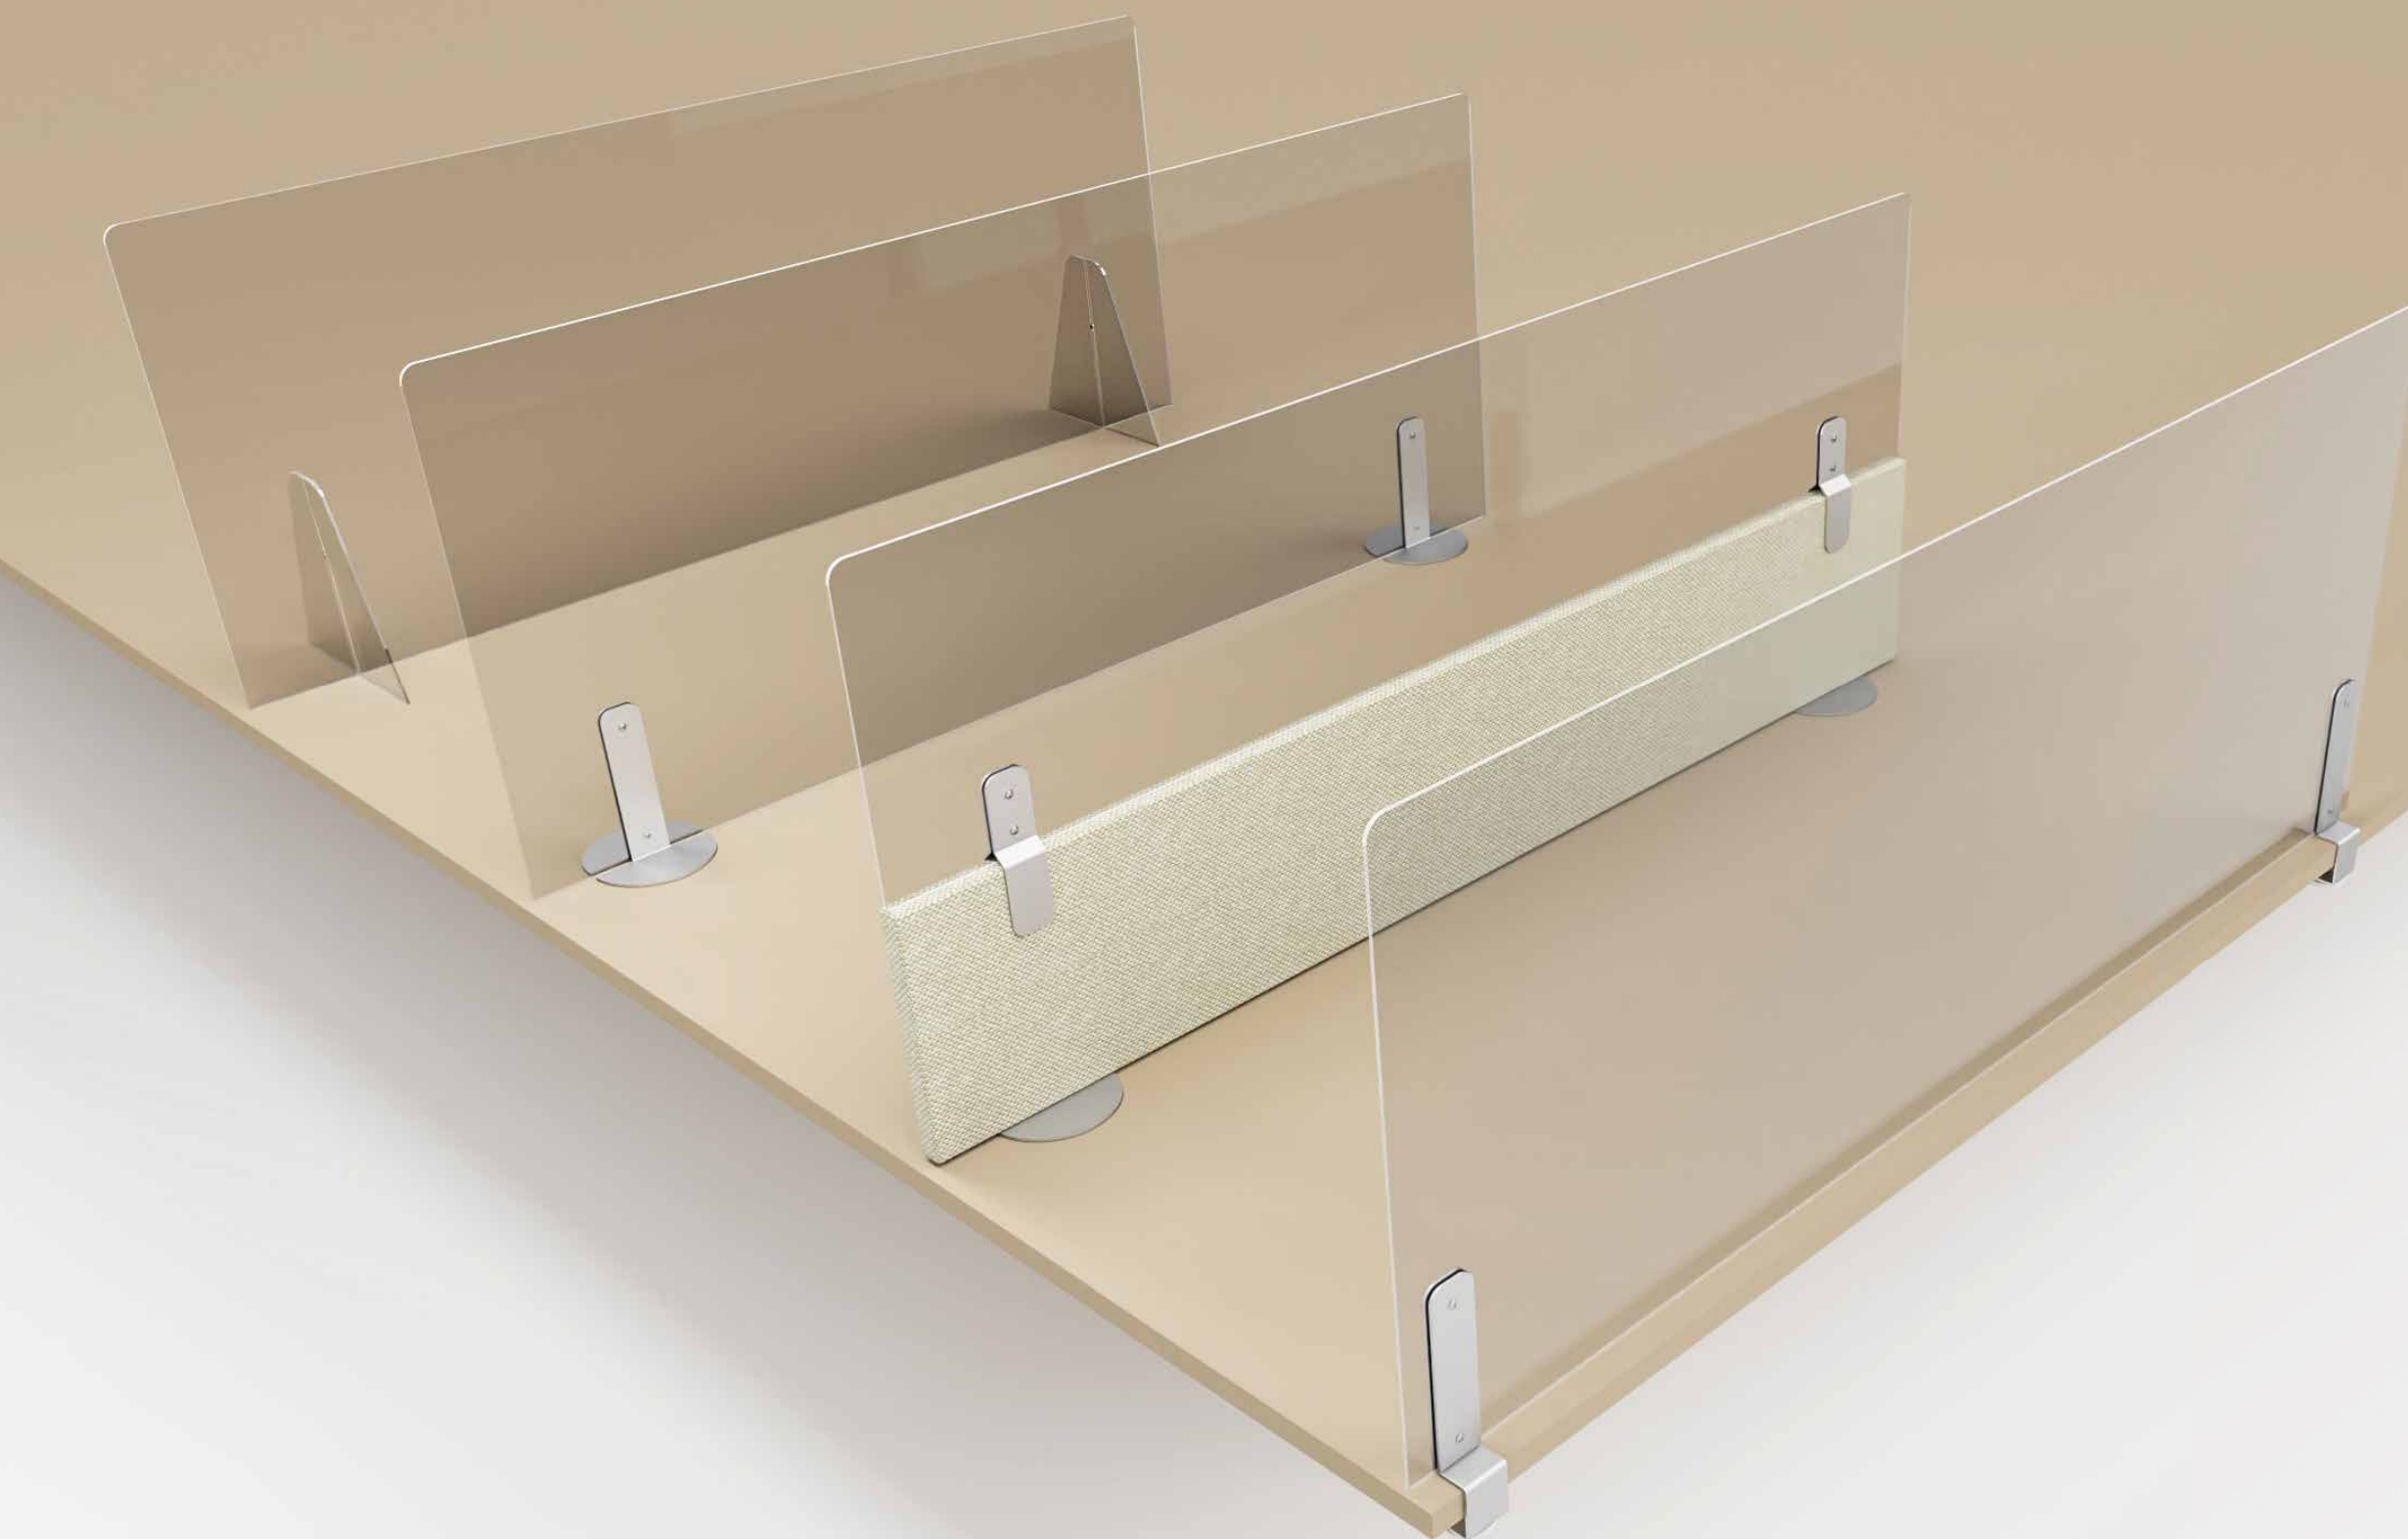

SAFE

Why Safe?

Safe, is the product line that transforms the environment into a safe and healthy place.

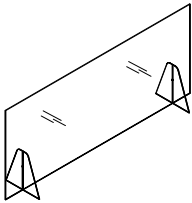

Safe screens are designed to protect people from viruses and bacteria. They comply with current regulations and are very easy to clean and install. Alea offers different solutions, from independent panels to those to be integrated with pre-existing screens.

Moreover, the range is enriched with accessory products such as dispenser holders, for a 360° safety.

ACRYLIC FINISHES

How to clean

Cleaning should be undertaken with just water, neutral soap and soft cloth

DISPENSER HOLDER

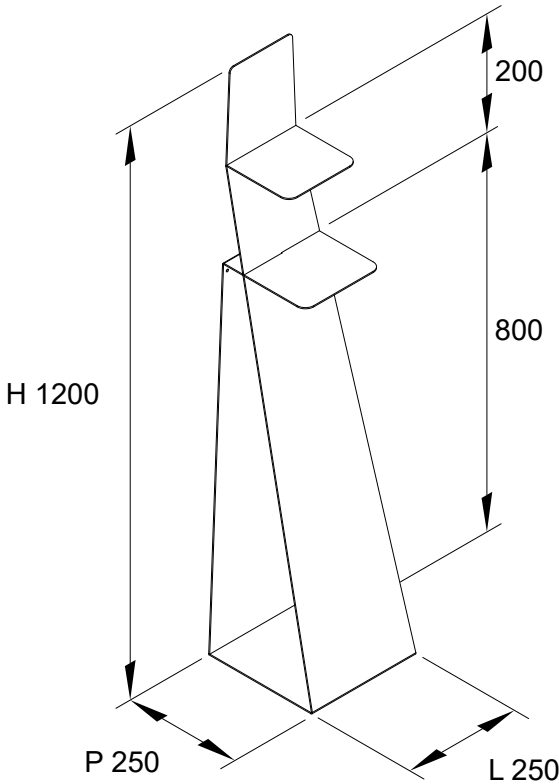

Alea offers its own version of dispenser holder to ensure a safe, germs free workplace.
The structure is made of sheet metal folded and painted.

They are available in two versions:

OPTION A: as a simple holder with two shelves

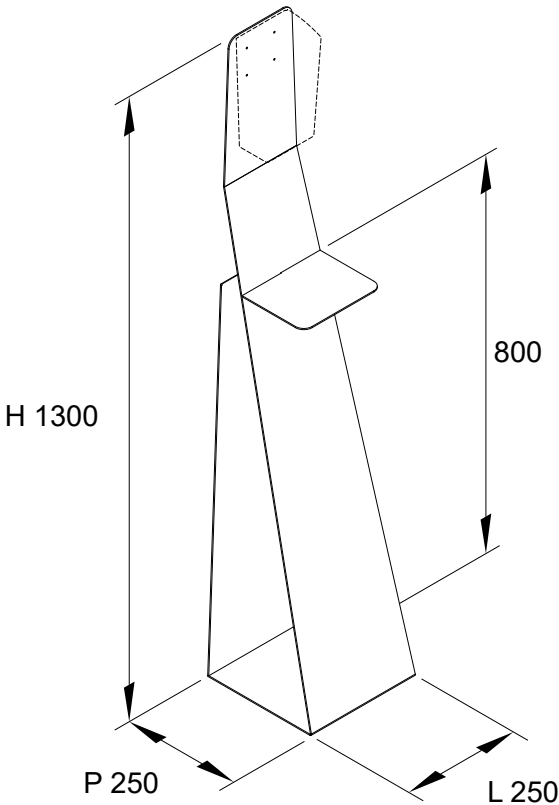

OPTION B: with one shelf and the possibility to install a dispenser. Holes are made based on the type of dispenser chosen by the customer.

OPTION 1

Simple holder with two shelves

OPTION 2

With one shelf and the possibility to add customised holes for dispenser installation
